<u>Short tour description/route characteristics:</u> The foothills of the Alps from Oberallgäu via Upper Bavaria's Pfaffenwinkel to Lake Starnberg are ideal for a spring tour. When the mountains are still snow-covered, the meadows and fruit trees are in blossom and the first warm rays of sunshine invite you to ride your motorbike, but most of the Alpine passes are still closed, this is an ideal terrain.

From Sonthofen the trail first leads over the Oberjoch and Wertach to Nesselwang. At the roundabout behind Nesselwang turn right and follow small asphalt roads to Seamen (yes, there are sailors in the Ostallgäu too!) and Seeg. Via Roßhaupten, Steingaden and Böbing you reach Murnau. Behind Froschhausen the small road branches off to Habach. A charming side trip. At the entrance to Habach there is a nice restaurant

with good food on the left side of the road. In Rott Antdorf turn left towards Weilheim and then in Marnbach turn right to the Starnberger See. From **Dienhausen Apfel**dorf Seeshaupt to Bernried along the lake the further way leads via Bauerbach to Weilheim and then to one of Osterzell **Bauerbach** the most beautiful view mountains of the prealpine Weilheim region to the Hohe Peißenberg. Lunch/coffee break can also be planned here. The subsequent way north **Schwabsoien** via St. Leonhard is again a pleasure for St. Leonhard motorcyclists. The route continues to Wessobrunn Seeshaupt Hoher Schongau and Rott. From there via Kinsau, Apfeldorf and Peißenberg Birkland Schongau. Behind Altenstadt, to **Bernbeuren** Schwabsoien is the starting point for a wonderful **Böbing** motorcycle tour. Via Dienhausen and Osterzell it goes back to Schwabsoien. One would like to start the round a second time. To the south via Bern-Habach beuren, Roßhaupten and Nesselwang the way leads Steingaden back to Wertach. Via Kranzegg and Rettenberg you reach Sonthofen again. Murnau Roßhaupten Seeleuten Wertach **Nesselwang** Hohenpeissenbergtour www.motorradrudi.info **Sonthofen**
